

# ELEVATE STUDENT OPPORTUNITIES

CAREER AND TECHNICAL EDUCATION SPACES

smart design for the **FUTURE** of your school district.

BLDD's career and technical education spaces **embody the principles of collaboration, innovation and community.**

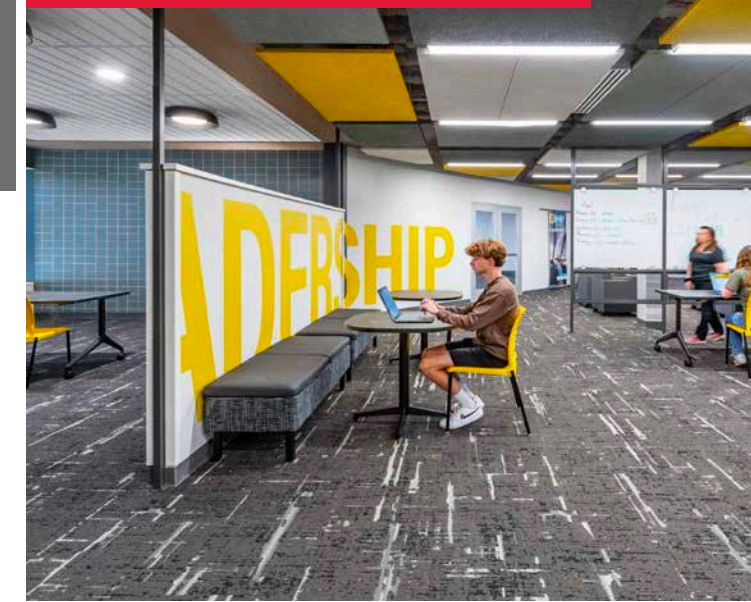

Flexible, open areas encourage students to work together and share ideas, mirroring the collaborative environments found in today's most innovative companies.

State-of-the-art equipment and technology provide hands-on learning experiences, allowing students to gain practical skills and explore their interests in depth.
